THE 25TH NORDIC POST-GRADUATE COURSE IN PLANT PATHOLOGY

INVITATION TO "NON CREDIT" PARTICIPANTS IN THE NOVA PhD Course

"Plant Disease; from survival to epidemics, and management strategies"

Norwegian University of Life Sciences, Ås, Norway
May 8-15, 2011

The 25th Nordic post-graduate course in Plant Pathology will be arranged by Norwegian University of Life Science from May 8-15, 2011 in an enjoyable environment at Honne. The course is part of the joint PhD education offered by the NOVA universities, and actively participating PhD student will gain 5 ECTS. Since the course will be held at Honne this year, we are also able to accommodate some additional participants with the required background. We hereby wish to welcome **non-credit** students or researchers (who want to refresh their general knowledge in plant pathology, learn new skill and upgrade existing skill) to join in the course. The course will be taught by highly qualified instructors from the globe, so attending the course is a good opportunity to meet renowned experts (invited non-NOVA and NOVA teachers as well as Nordic PhD-students) within the field.

REGISTRATION AND ACCOMMODATION FEES

The registration fee is 300 € ≈ 2400 NOK. Costs for accommodation are 700 NOK per night per person in double room or 825 NOK per night in single room including all meals. The fees should be paid after your application has been accepted and confirmed by the course organizer.

Complete the application form and send before 1st March 2011 to Anne Marte Tronsmo (anne-marte.tronsmo@umb.no**)**
