NOVA

- Study at one of the Nordic agricultural universities or faculties
- Specialized courses for MSc and PhD students
- Summer courses for BSc students

How can you benefit from NOVA?

- Learn about the latest research in your area
- Share information with other PhDs
- Experience another Nordic country
- Meet interesting people and create networks

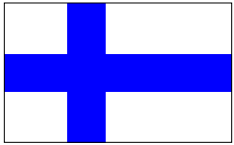

Denmark:

Univ of Copenhagen, Faculty of Life Science, **LIFE**

University of Aarhus, Faculty of Agricultural Science, **AU-DJF**

Finland:

University of Helsinki, Faculty of Agriculture and Forestry, **HU-AF**

University of Helsinki, Faculty of Veterinary Medicine, **HU-V**

University of Joensuu, Faculty of Forest Sciences , **UEF-F**

Iceland:

Agricultural University of Iceland, **LBHI**

Norway:

Norwegian University of Life Science, **UMB**

The Norwegian School of Veterinary Science, **NVH**

Sweden

The Swedish University of Agricultural Sciences, **SLU**

PhD Courses

- Intensive courses of 1-2 weeks
- Semester courses
- Usually narrow, within a specific area
- All courses are free
- Nordplus-grants for travelling and accommodation

Subject Area	Course Name	ECTS	Course date
Agro Ecology	<u>Sustainability assessment in food and farming systems – conventional, organic and beyond</u>	4	9-14 September 2012
Animal Breeding	<u>Next Generation Sequencing - applications in animal breeding and genetics</u>	5	
Food Hygiene	<u>Molecular methods for detection of foodborne pathogens</u>	2,5	
Plant Breeding	<u>Pre-breeding for sustainable plant production</u>	6	22-29 January 2012
Soil Soc	<u>Peat soils and peatlands in Nordic countries</u>	3	5-10 August 2012
Soil Soc	<u>Sustainable use of tropical soils 2</u>	5	10-24 November 2012
Statistics in agriculture	<u>Applied statistics with R for the agricultural, life and veterinary sciences</u>	6	12-17 August 2012
Urban Forestry & Urban Greening	<u>Governance in Urban Forestry & Urban Greening</u>	5	23-27 April 2012
Veterinary clinical research and scientific method	<u>Clinical–and Biomedical Research and Scientific Methods. Experimental design in clinical studies. Clinical intervention and evidenced-based medicine.</u>	6	Part 1: March 2012; Part 2: April 2012
Veterinary Epidemiology	<u>EpiNOVA advanced course - GIS and spatial analysis using open source software</u>	6	10 days in June 2012
